

Table of Contents

Chapter 1: Overview of Documentation, Nancy Camp and Patricia Iyer, 1-1

Why Document? 1-1

Societal Factors Affecting Nursing Documentation, 1-3

Trends in Charting, 1-4

Changing an Existing Documentation System, 1-6

Summary, 1-8

Chapter 2: Documenting Assessment, Patricia Iyer, 2-1

Initial Data Base: Admission Assessment, 2-1

Format for Admission Assessment Forms, 2-22

Standards of Care for Completing Initial Assessments, 2-28

Pain Assessment, 2-30

Reassessments, 2-33

Summary, 2-34

Chapter 3: Documenting Nursing Diagnosis and Planning, Patricia Iyer, 3-1

Standardized Nursing Language, 3-1

Components of the Planning Process, 3-2

Collaborative Problems, 3-5

Outcomes, 3-5

Interventions, 3-8

Care Planning, 3-11

Evolution of Care Planning, 3-12

Current Trends in Care Planning, 3-14

Documentation of Discharge Planning, 3-14

Documentation of Planning for Patient Education, 3-23

Summary, 3-25

Chapter 4: Documenting Implementation, Patricia Iyer, 4-1

Safe and Timely Care, 4-1

Implementation of the Plan, 4-5

Flowsheets Purposes, 4-7

Flowsheet Design, 4-13

Psychosocial Care, 4-15

Evidence-based Interventions, 4-18

Summary, 4-1

Chapter 5: Documenting Evaluation, Patricia Iyer, 5-1

The Four “Ws” and one “H” of Evaluation, 5-1

Why Outcomes are Documented, 5-2

What Outcomes Are Documented, 5-2

When to Evaluate Outcomes, 5-2

Where Outcomes Are Documented, 5-9

How Outcomes Are Documented, 5-9

Documentation of Patient Education, 5-10

Summary, 5-17

Chapter 6: Legal Aspects of Charting Techniques, Patricia Iyer, 6-1

Introduction, 6-1

Timing of Charting, 6-1

Format of Charting, 6-4

Content of Charting, 6-7

Techniques for Tampering with Records, 6-41

Summary, 6-45

Chapter 7: Charting Systems, Nancy Camp, 7-1

Narrative Charting, 7-1

Problem-Oriented Charting, 7-3

PIE Charting, 7-5

Focus Charting, 7-8

Charting by Exception, 7-9

FACT Charting, 7-14

General Considerations When Selecting a Documentation System, 7-15

Summary, 7-16

Chapter 8: Computerization of Nursing Information, Patricia Iyer, 8-1

Computer-Based Patient Records Versus Electronic Charts, 8-1

Introduction of Computers to Healthcare Facilities, 8-5

Barriers to the Introduction of Nursing Information Systems, 8-7

Advantages and Disadvantages of Computerized Documentation, 8-8

Bedside Terminals, 8-16

Selection of a Computer Information System, 8-18

Implementation and Education, 8-22

Summary, 8-23

Chapter 9: Implementing Changes in Documentation Systems, Nancy Camp, 9-1

Implementation of Changes in Documentation Systems, 9-1

Establishing a Task Force, 9-2

Change Process, 9-4

Summary, 9-13

Chapter 10: Obstetrical Documentation, Joanne McDermott, 10-1

Antenatal Testing, 10-1
Labor and Delivery Documentation, 10-4
Obstetrical Nursing Liability, 10-9
Documentation and Electronic Fetal Monitoring, 10-16
Vaginal Delivery, 10-26
Cesarean Section, 10-26
Postanesthesia Care Unit, 10-26
Postpartum Documentation, 10-26
Documentation of Newborn Care, 10-27
Summary, 10-30

Chapter 11: Neonatal Documentation, Barbara Ashley, 11-1

Reaction to the Delivery Process, 11-1
Physical Examination of the Newborn Infant, 11-1
Bilirubin Therapy, 11-4
Intravenous Issues, 11-8
Intake and Output, 11-9
Bonding, 11-10
Key Documentation Points, 11-10
Discharge Summary, 11-11
Summary, 11-12

Chapter 12: Pediatric Documentation, Joyce Hamlin and Gail Coplein, 12-1

Factors in Caring for the Pediatric Client, 12-1
Communicating with Children and Families, 12-2
Legal Risks of Pediatric Care, 12-4
Documentation Defense Strategies to Minimize Legal Risk, 12-5
Documentation Tools Used in the Pediatric Setting, 12-7
Critical Documentation Issues in the Pediatric Setting, 12-14
Documentation and Common Pediatric Nursing Deviations, 12-23
Summary, 12-32

Chapter 13: Emergency Department Documentation, Mary Kathryn Sadler and Patricia Meadows, 13-1

Emergency Nursing, 13-1
Assessment and Communication, 13-4
Planning and Collaboration, 13-11
Implementation, 13-13
Evaluation and Communication, 13-28
The Nurse as Patient Advocate, 13-30
Summary, 13-37

Chapter 14: Intensive Care Documentation, Ann Marie Santarelli-Kretovics, 14-1

The Bedside Flowsheet, 14-2
Documentation Issues in Critical Care Areas, 14-3
Sources of Liability, 14-4

Summary, 14-27

Chapter 15: Operating Room Documentation, Donna Cairone, 15-1

Preadmission Documentation, 15-2
Patient and Family Pre/Post Surgery Education, 15-2
Documenting Perioperative Nursing Care, 15-8
Outcome Standards and Nursing Diagnoses, 15-8
Plan of Care Documents, 15-9
Sources of Liability, 15-12
Surgery-Specific Documentation, 15-19
Documentation of Preoperative Emergencies, 15-22
Summary, 15-23

Chapter 16: Postanesthesia Care Unit Documentation, Jo Anne Kuc, 16-1

The Postanesthesia Care Unit Flow Chart, 16-1
Patient Assessment, 16-5
Recovery from Spinal Anesthesia, 16-8
Surgery-Specific Documentation, 16-8
Documentation of Common Postanesthesia Problems, 16-13
Miscellaneous Postanesthesia Care Unit Procedures, 16-18
Discharge Assessment, 16-22
Summary, 16-22

Chapter 17: Psychiatric Documentation, Rosie Oldham and Pamela Meyer-Tulledge, 17-1

Failure to Prevent Harm to Self or Others, 17-1
Refusal of Treatment, 17-8
Medical Management of the Psychiatric Patient, 17-14
Summary, 17-23

Chapter 18: Home Care Documentation, Donna Ambler Peters, 18-1

Changing Documentation Needs, 18-2
Influences on Home Care Documentation, 18-3
Omaha Classification System, 18-9
Medicare Forms 485 and 486, 18-14
Legal Considerations, 18-15
Documentation Management, 18-18
Summary, 18-20

Chapter 19: Long-Term Care Documentation, Rita Cavallaro, Joyce R. Newman, and Patricia Iyer, 19-1

The Nursing Home Resident, 19-1
Frequency of Documentation, 19-2
Development of the Minimum Data Set and Resident Assessment Protocols, 19-3
Resident Assessment Instruments, 19-5

Use of Minimum Data Sets and Resident Assessment Protocols in Long-Term Care Facilities, 19-6
The Interdisciplinary Care Planning Process, 19-9
Significant Changes in Condition, 19-14
Summary of the Interdisciplinary Resident Assessment and Care Planning Process, 19-14
A Brief Review of the Survey Process as It Relates to Documentation and MDS, 19-16
Computerization of the Resident Assessment Instruments, 19-17
Medicare Documentation, 19-17
Prospective Payment System, 19-18
Long-Term Care Liability Issues, 19-19
Summary, 19-38
