

Teleseminar Evaluation Form

Title: Screening Potential Medical Malpractice Claims: From the Frivolous to the Egregious

Instructor: Peter Berge Esq. PA

Moderator: Patricia Iyer MSN RN LNCC

1. How would you rate the instructor? ___Excellent ___Good ___Average___ Poor
2. Please evaluate the extent to which objectives were met. After participating in the program I am prepared to:

OBJECTIVES:	Fully	Partially	Not at all
1. Apply the elements of a general negligence claim to medical malpractice claims			
2. Detect "instant disqualifiers" that should cut short the screening process			
3. Methodically screen potential claims using the framework of the elements of medical negligence			

3. Comments about this teleseminar:

May we use your comments in our marketing? If so, please provide your name, profession (nurse, attorney) and city/state.

Name:

Profession:

City/State

4. How could this program be improved?
5. What are your suggestions for future topics?

If you do not wish to have one nursing contact hour, please return only this form by email to contactus@medleague.com or by fax to 908-806-4511 or by mail to Patricia Iyer Associates, 260 Route 202-31, Suite 200, Flemington, NJ 08822. If you wish nursing contact hours, both the evaluation form and post test are to be sent to Taylor College at the address on the next page.

Nursing Contact Hour Post Test

Screening Potential Medical Malpractice Claims: From the Frivolous to the Egregious

Circle the letter that best answers the question.

1. The tort element of “duty” is represented in medical malpractice claims by
 - A. demonstrating that negligence resulted in an injury
 - B. adherence to the standard of care
 - C. the absence of damages
 - D. compensation for a harm done

2. The importance of tort claims statutes includes the fact that they
 - A. may require serving notice months or years before the expiration of the statute to limitations
 - B. protect private, non-profit organizations from frivolous litigation
 - C. always require the plaintiff to post a bond for costs when suing a governmental organization
 - D. create a universal cap on the amount recoverable for noneconomic damages

3. True/false
Causation in fact may be established if the injury followed a deviation and a reasonable observer would conclude that the deviation caused the injury.
